ASSIGNMENT

ECO211

Choose ONE SINGLE country. Describe its economy by presenting a list of economic aggregates, indicators, indexes measuring activities and performance, such as:

- *National Income and Product Accounts*
- *Production and Productivity*
- *National Consumption and Savings Behavior*
- *Investment and Capital Formation*
- *Price Indexes and Interest Rates*
- *Elements and Instruments of Fiscal and Monetary Policies*
- *Employment/Unemployment*
- *Foreign Trade*
- *Others*

Support your presentation with short definitions and brief explanations (formulas, charts, diagrams, comments) of numbers and indexes used.

Please restrain your paper to 1,500-2,000 words or 10,000-15,000 characters with spaces (5-8 pages).

You have more than one month to complete this assignment. Please submit it no later than noon, Wednesday, December 24, 2003. Late submissions will not be accepted.
